Well, we're doing it, guys. Every day I go online, I see more and more people saying, Getty. I see more and more conversations where somebody will get in there and say, What about the Getty? What about this? What about that? This is a great opportunity for us. Obviously, the Epstein thing is not going away, the Mossad thing is not going away. Trump is screwed, and there's nothing he can do to make this stop. We own this we own this issue. So anytime you have an opportunity, anytime any normies anywhere are out there saying anything about Epstein or Trump or whatever, say, What about the Getty? That's great. When are we going to do the Getty? Getty's next? What about the Getty? What about that Gordon Getty? Pedophile? Slam it. Slam it hard. Keep doing what you're doing, because it's working. And every Normie out there is going to be saying Getty very soon. So keep it up. We're not far the enemy's going to do everything they can to try to own this issue, to try to take it over, to try to distract you. They're going to do everything they can. They're hurting, and we're the ones making them hurt. Keep it up. Don't stop we got this, guys. You're doing a great job. Keep it up. OccupyTheGetty.
