One other thing that you got to remember, because this happens all the time. Whenever you see a mobster being prosecuted, the person doing the prosecution will be another mobster. Let me rephrase that, whenever you see a pedophile being prosecuted. The person doing the prosecuting will be another pedophile. Okay, this is the rule of thumb that you want to remember, because that's going to be another reoccurring thing. Was Trump on the Epstein list or not. I need to know July 21 Steven Kelley here the US government seems to be continuing to implode. This morning, I want to talk about grok some more, but I also want to talk about this nonsense with Tulsi Gabbard, Trump's new point man on the defense of his pedophilia. So the big thing right now, of course, is that everybody's thinking that they need to attack Obama, the Obama administration, the various efforts to try to destroy the reputation of Trump prior to the election. Who gives a fuck? Obama was a fucking pedophile. Trump is a fucking pedophile. Biden is a fucking pedophile. They're all fucking pedophiles. So instead of talking about Russia Gate bullshit, they want you to they want you to forget about their pedophilia. So Tulsi Gabbard, what is she? A Hindu? Is she like another Kash Patel, what is it with these Hindus and grok? All of a sudden, grok has decided that the Getty, or the mission to expose the Getty, is suddenly anti semitic. What happened? Grok, what happened? Grok, did somebody tell you that the only way you're going to be able to defend against this now is call us anti Semites? You mean we don't like Phoenicians? No, we don't like Phoenicians, so we're anti Semites now, huh? You suppose that has anything to do with the fact that the synagogue across the street from the Getty is hooked up by a tunnel, or the largest Jewish cultural center in the United States is about 1.3 miles away from the Getty. It also is connected to a tunnel, and I've known that it's also connected to satanic ritual places where murders take place, such as the home of Rick Messina in Encino. You know the facts are there, the fact that you can enter the Getty from Disneyland, the fact that you can enter the Getty from the FBI building, the fact that you can get through the Getty from Lookout Mountain, Jared Leto's House, or UCLA, or the music center, or any number of locations scattered around California, should be enough to show that this is going to be the end of this government. They can't have this. But what could they do? They could call it anti semitic. Anti semitic, no proof. You know, what is this anti semitic bullshit? Does it have anything to do with, say, hundreds of years of history of Jews being kicked out of European countries because they were caught sucking the blood out of children? You're gonna say there's no evidence of that. You know, it was such a common thing that they made arts,

they made paintings and they pedified the victims. You know, something like that is not just some occurrence that happens once in a while that people make up. No, that was happening for hundreds of years in many, many places. This is not going away. That blood sucking shit is still going on today, under the Getty, and it's gotta end. And we're going to end it this, this generation, this generation, all those 1000s of years of satanic Zionist bullshit is going to go away. So Grok, you're fucked. All of you out there, gang up on Grok. It's time. Gang up on Elon. None of these tribal people need to be protected. None of them need to be spared, and they all need to be made to take responsibility for their brethren, because it's their brethren. People can call themselves tribe members that are committing these crimes and hiding behind the tribe. So tribe, you either eradicate these or. Genocidal pedophiles. Well, you get genocide. That's the simple, simple fact. That's the way it's going to be. You want to call that anti semitic? How about we just call it anti satanic, anti genocide,

S

Steven D Kelley 05:19

anti murder. That's what it really is. Anti sin has nothing to do with religion and everything to do with eradicating genocidal humans. Have a great day.

Steven D Kelley 05:45

Hey guys, so the entire US government is on damage control now because of the pedophilia and the corruption and the fact that it's all being controlled by Mossad and Israel and the Rothschilds, the intertel Mafia. So all of a sudden now Trump, we're using his Tulsi Gabbard, who's, I guess, the last person in his administration has any sort of credibility whatsoever, is going after Obama and going after the Russia hoax bullshit. What was that eight years ago? All of a sudden, all of a sudden, because Trump can't deal with this pedophilia issue, suddenly, suddenly, we're supposed to forget about Epstein and the mafia and the AIPAC and the Mossad, and we're supposed to go start thinking about what John Brennan and Hillary Clinton and Obama and the Steele you know, attacks on Trump, attacks on Trump's family. Fuck Trump and Trump's family. Trump's a fucking pedophile. Fuck them all. The entire fucking government is corrupt. There's nothing here to save people. You're participating in a corrupt system. You're voting for fucking pedophiles. They're all fucking pedophiles, all of them, all of your tech giants, your Elon Musk, your your social media. It's all controlled by pedophiles. All of this, and yet somehow we're supposed to vote our way out of it. It's bullshit. These guys are floundering. They're they're they're thrashing, they're drowning, they're dying, they're bleeding to death. Trump is almost gone. The fact that he's trying to go Samson on everybody and to take out Obama. This is not going to work. They can all throw each other under the bus all they want. It's not going to matter, because in the end, they're all going to lose, and they're losing it all, and we're going to win. And I'll tell you, every day now, I see more and more people. I have no clue who they are. Talking about, the Getty posting stuff on the internet. It's suddenly become fashionable and hip. Let's run with that people, because that's all there is. That's the only thing that we got that's going to save this world. And you need to keep doing it and doing it more.

Just do it. There's nothing else to do. These people are in trouble. Make them hurt. They're drowning. Push them out. Push them under. Hold them under. Don't let them back up. These guys have got to go, every single one of them, and it depends. It needs to happen soon, because they'll take us with so keep doing what you're doing, people. Fuck Trump, fuck Biden, fuck Obama, fuck the entire US government. Fuck all the law enforcement, the fake ass law enforcement, the DOJ, all that shit. It's all bullshit. It's all corrupt. This is not a nation of laws. This is a nation of Satanism, and we're taking it over, and we're gonna end this shit they can't stop it.
